

Dear Judeo-Christian Leader,

July 19, 2010

Welcome to the Third Monday Evening Tele-Training, hosted by Public Awareness Ministries / PreserveLiberty.com. The outline for tonight's teaching, **USA Transformation and Its Parallel to the European Union**, presented by Orlean Koehle, State President of the Eagle Forum of California, begins here on page 2.

While Tea Parties and Town Halls are vitally important, these excellent efforts alone cannot reclaim America.

While Glenn Beck, Sean Hannity, and Rush Limbaugh do a truly phenomenal job telling us what's wrong in America and how it affects us, they do not give us a local plan to reclaim our nation for Christ through consistent united city-by-city prayer and work. But Public Awareness Ministries seeks to provide such a model...

Restoring America's Biblical and Constitutional foundation will require prayer and focused work of individual citizens like you and me. If only 10% of Christians (*i.e.*, the estimated percentage of Christians who have a Biblical worldview – per Barna.org) would do the following two simple things, we'd go a long way to restoring America's Biblical foundation and the liberty it gives us:

1. **Participate in united prayer for our leaders and nation just one hour a month in your city**; it takes 2-3 minutes at the "**Prayed-Up**" link at PreserveLiberty.com to sign up a new prayer group, and we will build you a free webpage (and provide monthly updated one-page prayer guides).
2. **Invest one hour a week (four hours a month) to register voters, walk precincts, help qualify a ballot initiative, work on voter guides, etc.** We provide the free teletraining every third **Monday evening** about how-to advance Biblical values and God-fearing leaders, beginning in your community! See the "**Trained-Up**" link at PreserveLiberty.com for details.

To see a 3-minute video about this simple prayer-based, city-by-city ministry model to preserve America's Biblical and Constitutional foundation, please visit PreserveLiberty.com. **Daniel Webster reminds us** that, "God grants liberty **only** to those who love and are willing to defend it."

Share the vision of thousands of local groups across America, each of which has several churches or organizations tied-in, that consistently pray and work together to advance Biblical values and God-honoring leaders. **Will you join us** in this holy cause? Will you encourage others to join us? **Thank you** for your prayers and consideration.

--Praying and working together, city-by-city, to protect life, marriage, and America's Biblical foundation,

Outline of the Presentation by Orlean Koehle about her book, *By Stealth and Deception, USA Transformation and its Parallel to the European Union*

Introduction: I consider liberty a very precious gift bestowed by a loving Father in Heaven on his children—all of his children, not just those living in the United States. I believe the U.S. Constitution was inspired of God to be a beacon of light, hope and liberty, not only for this nation, but for all people everywhere. For more than 200 years, America was considered the “shining city on the hill, the beacon of light to the world,” that attracted people to her shores from every country who were seeking that light, hope, and liberty and wanting to live “the American dream.” However, that is vastly different now.

What has happened to America to cause our rights and liberty to be so fleeting? As the title of this book points out, it has happened by stealth and deception by some very evil and cunning people, who have been exercising control behind the scenes over government for hundreds of years. These people are pursuing a different agenda and are either professing atheists or believe in and worship a different God.

Instead of wanting life, liberty, and happiness for mankind, they want just the opposite—death, enslavement, misery and poverty. But for themselves, they want immense power, control, great wealth, and to rule and reign over the rest of mankind in a vast world government. The plan, however, is to first break up nations and boundaries by putting them into large regional governments such as a European Union.

The European Union is a role model and learning tool for the rest of all the nations. Do we really want to follow it and form similar unions? Has it been good for the people of the nations involved or just the opposite?

Chapter 1 begins with my husband’s personal experiences growing up in war-torn Germany and how stealth and deception were used to convince the German people that it was because of evil nations that wars were started, thus the necessity of forming a union. The reader will also learn of the “Sixteen Ds of Deception” that were used in Europe and are being used now in America to form these mergers. Is this all a conspiracy theory or conspiracy facts?

Chapters 2-10 show how the European Union was formed by stealth and deception, how America is being led down the same trail towards regional and world government through the United Nations and through the many secretive groups who founded it and continue to support its aims and purposes.

Chapter 11-12 tell of CFR member Robert Pastor, known as the “Father of the North American Union,” and his stealth campaign to push a North American merger upon all three countries. His plan called for a national ID card, which is written about in the Chapter 12, “Big Brother is Watching You,” which tells just how far the USA has come to becoming a police state.

Chapter 13-14 tell of the planned financial crisis, the groups and people most responsible for it, and about President Obama, who is very much a part of the plan bringing us on a fast track towards socialism, communism, regionalism and world government.

Chapters 15-17 tell of the plans for a world religion, a theocracy, with Christianity out, paganism and Islam in; of the NAFTA superhighway and its part in the merger plan; and Chapter 17 gives a timeline of the last 100 years—events leading towards a totally transformed USA and North American merger.

Chapter 18 gives us hope, telling what others have done and what we can do to make a difference. It also tells what we can do to be prepared for a rough road ahead.

Chapter 19 gives almost a hundred quotes about the “new world order,” world government, world economy, world religion and world socialism/communism by people warning us against them and those supporting them.

It is my hope that this book will help people better understand what is going on around them and take action to try to stop it before America is too far down the slippery slope to total transformation and loss of freedoms, and there is no turning back. I also hope that the reader will realize how important personal preparation is for some very difficult times ahead.

Conclusion: Two quotes that tell us how important the actions of just one person can be in trying to save our nation at this important time:

“I am one. I cannot do everything, but I can do something. And because I cannot do everything, I will not refuse to do the something that I CAN do. What I can do, I should do. And what I should do, by the grace of God, I will do.” Edward Everett Hale.

James 3:4 — “Behold also the ships, which though they be so great, and are driven of fierce winds, yet are they turned about with a very small helm . . .”

“Just as a very small helm can turn about a great ship, it only takes one person, armed with truth and courage and willing to speak out, who can sometimes change the course of history.”
